

AMERICAN WATER RESOURCES ASSOCIATION

VISION

To be recognized as the pre-eminent multidisciplinary association for information exchange, professional development and education about water resources and related issues.

MISSION

To advance multidisciplinary water resources education, management and research.

OBJECTIVES*

The principal objectives of the Association shall be:

- § The advancement of water resources research, planning, development, management, and education.
- § The establishment of a common meeting ground for physical, biological, and social scientists, engineers, and other persons concerned with water resources.
- § The collection, organization, and dissemination of ideas and information in the field of water resources science and technology.

*From the AWRA Bylaws

BRAND PROMISE

AWRA promises a balanced, professional approach to solving water resources challenges in a friendly and comfortable atmosphere.
